

Dear Parents/Carers,

Subject: Montsaye Values

You will remember at the end of February we held a consultation around three words that are most significant to all stakeholders to be incorporated into our future vision statement. We now have a clear vision and mission (below) in place for the next stage of our journey together. We now want to re-visit our values as a school as ERA (Excellence, Resilience and Aspiration) came out weakly in the last consultation with all stakeholders.

Vision: *To be a successful school of character and excellence.*

Mission: *To provide a safe and trusting community where success is the norm.*

These values are what will shape our community and we will live by them every single day. Furthermore, we will look to explicitly develop these through our new character programme we will launch in September. We want to develop our young people to be of 'good character' and be able to make the right decision, at the right time, for the right reason. These will not be the only values we place importance on but will be the 'bedrock' from which we operate.

Your voice is important to us, and we want a set of values that resonate with the community.
